

PACKAGE CONTENTS

- Battery pack
- Micro USB charging cable
- *Quick Setup Guide*

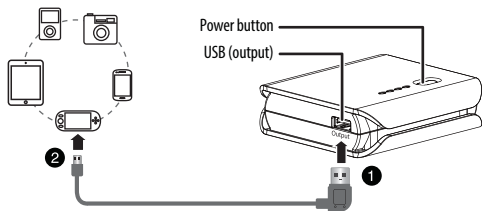

CHARGING YOUR BATTERY PACK

- 1 Plug the charging cable into the battery pack's micro USB port (input).
- 2 Plug the other end of the charging cable into a USB port on your computer, vehicle charger, or wall charger (not included). The battery pack automatically begins charging.

Before using your new product,
please read these instructions to prevent any damage.

CHARGING YOUR DEVICE

- 1 Plug the USB cable into the battery pack's USB port (output).
- 2 Plug the other end of the USB cable into your device, then press Power.

Note: If your device requires a different connector, use the cable that came with your device.

CHECKING YOUR BATTERY LEVEL

Note: Recharge your battery pack when the LED blinks.

- 4 LEDs = 75-100% power
- 3 LEDs = 50-75% power
- 2 LEDs = 25-50% power
- 1 LED = 0-25% power
- Blinking LED = <10% power

STORING YOUR CHARGING CABLE

Connect the charging cable to the USB port (output), then wrap it around the battery pack.

SPECIFICATIONS

- Input: 5V, 1A
- Output: 5V, 2A
- Capacity: 5200mAh

SAFETY INFORMATION/CAUTION

- 1 Do not expose your mobile battery pack and accessories to heat, fire, or water.
- 2 Do not modify, disassemble, open, drop, crush, puncture, or shred the internal battery.
- 3 Do not connect to the input and output ports at the same time.
- 4 This is not a toy. Young children should be supervised to make sure that they do not play with the mobile battery.
- 5 Do not use the mobile battery while charging is in progress.
- 6 Recharge the mobile battery before use if it has not been used for more than 90 days.
- 7 For use only with the I.T.E Listed Computer and Accessories.
- 8 Risk of Explosion if Battery is replaced by an Incorrect Type. Dispose of Used Batteries According to the Instructions.

This product is safe for regular use under normal conditions. As with any device using electrical power, some situations may be unsafe and injuries or damages could result. To minimize or avoid unsafe conditions, please read and follow the instructions before using.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may

cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
